

Under the 2018 Hemp Farming Act, the legalization of the manufacturing of hemp products with low-[THC](#) cannabis was passed. Making all products derived from hemp with a .3% or less Delta-9 THC content legal in the USA.

These statements are not protected by the FDA. Nor are they meant to diagnose, treat, or cure any illnesses or disease. Do not operate heavy machinery when using this product. Keep out of reach of children. Speak to your doctor before consuming. The result may vary.

As always, we recommend consuming slowly for those of you who are just starting your hemp journey. You can steadily increase your consumption as you begin to understand your body's reaction to taking hemp. If you have any further questions or need guidance, reach out to us! We would love to hear from you.
